

CAPTAIN REGGIE SUNSTRIKE

Reggie is the older, more dashing brother to Captain Jack Sunstrike. He's the most celebrated hero in the galaxy, he's courageous and steadfast ... the exact opposite of his inept brother.

EXT. SEEDY RESTAURANT - NIGHT

JACK SUNSTRIKE and REGGIE SUNSTRIKE meet outside a restaurant with Reggie's officers, WATSON and GRANGER in tow.

JACK

Glad you made it. Let's go in.

REGGIE

One moment, Jack. Commander Watson, Dr. Granger, would you mind going in and finding us a booth?

Watson and Granger nod and enter the restaurant.

REGGIE (CONT'D)

Jack, do you realize how much trouble you're in? High Command already knows your AWOL from that team building seminar. If they find out you're all the way out here in the Free Territories, they're going to assume you're either defecting or going rogue.

JACK

Relax, Reg. I know what I'm doing.

REGGIE

I'd like to believe that, Jack. Really I do.

JACK

Just because you graduated the Star Academy top of your class, and you reached the rank of Captain the fastest of any Galactic Union officer...

REGGIE

Third fastest.

JACK

...doesn't mean that your little brother doesn't have some moves of his own. It's about time you made some room on the big stage, big brother.

REGGIE

When they gave me command of the Republic I offered you a position on the ship.

JACK

As the Second Security Chief? So I could wear the purple monkey suit and be your personal butler on away missions?

REGGIE

Those are the missions you're best at, Jack. I'd always hoped that you and I would be sharing adventures together, like when we were kids.

JACK

Yeah, but when we were kids you were still the one calling the shots, and Little Jackie was just along for the ride.

REGGIE

Jack, this isn't a race. It's never been a race. Except to you. You may think I have it all, Jack, but no one ever does.
